

Safedob (2025m) – Kulikalon Lake (2105m)

Distance: 22km

Ascent: 650m

Descent: 570m

Trail: easy – clear track

Accommodation

Camping

This is an easy stage following dirt road down. Between Safedob and Hoit, there are few little villages with shops. There are also public toilets along the way! Only a few vehicles use the road. Between Hisorak and Hoit, the road becomes a trail and there is a beautiful suspension bridge to cross the Yarkhich River. In Hoit, there are markets where you can resupply in dry food and drinks (RC Cola!). From the village, take a dirt road to the east to climb in the valley until the KuliKalon lake. The lake is not amazing but you can put the tent nearby. There is a secret spring before the lake on the right side of the trail where there are two isolated houses. Not easy to find (39.19908, 70.91713).
