

Bolshoi Allo (3380m) – Archamaidan Valley (1840m)

Distance:10km

Ascent: 0m

Descent: 1540m

Trail: moderate – dirt road and clear/faded trails

Camping

Camp on the flat east bank of the Archamaidan River, near the confluence with the Zindon River. Take water from the Zindon River, which is cleaner.

It's a big descent today. Follow the course of the river, which you will cross several times. Enjoy the thicker air as you come down. For those with knees that are still up for more walking after reaching the Archamaidan River, continue up the main valley. See description stage 10.
